WHO IS OLIVER CRAWFORD?

ON THE COURT

DEDICATED

"From the age of 2 1/2, it has been a pleasure to work with Oliver and watch him grow into the player and young man he is today. He has always had tremendous talent, focus, determination, and discipline. His work ethic and will to learn and get better is unsurpassed by any and will serve him well as he moves forward in the next chapter of his tennis career."

- Anthony Stewart

CAPTIVATING

"Oliver Crawford is the purest athlete I have ever coached and his heart and passion for the game is magnetic! Our fans here at the University of Florida loved watching him compete on the number one court! What an extremely bright future Oliver has in store!"

- Bryan Shelton

ENERGETIC

"Oliver has an infectious energy that makes everyone around him better. His work ethic and attitude are of the highest degree. During my time at Florida, even as a freshman, he was the leader and the heartbeat of the team. To move so gracefully but with such 3-dimensional power (linear, lateral, vertical) and precision on the court, he makes the remarkable look effortless."

- Matt Aldred

OPTIMISTIC

"Oliver is one of the top collegiate tennis players in the country. He is special in many ways, but his optimism, passion and competitive spirit are second to none. In his three years at Florida, Oliver has put a positive stamp on Gator tennis and brought excitement and enthusiasm to Court 1 at the Ring Tennis Center."

- Scott Perelman

PASSIONATE

"Oliver has a deep respect and love for the game of tennis. He always leaves the court a better player than when he walked on. Oliver's willingness to improve many little things by one percent instead of trying to improve one big thing by a hundred percent is the path of a true champion."

- Patrick Hieber

MOTIVATED

"Oliver is one of the most motivated and competitive athletes I have ever seen! Coaches can teach fundamentals to players but internal motivation is the game changer for successful players. Oliver has the desire to be the best, and because of everything he brings to the table, my money is on him!"

- Kelly Jones

OFF THE COURT

TRAINING

Training at the Carolina Country Club in Spartanburg, SC – there is no more idyllic setting. Multiple courts (hard and clay) a fully equipped gym, trainers, nutritionists, yoga instructors, physiotherapists, coaches and all the amenities anticipated in a high-performance tennis club. Spartanburg is an ideal location for year-round training, with many tennis players in the area available for training blocks and competitive practice.

OLIVER'S INSPIRATION

In 2015 my friend Perry Belue was diagnosed with cancer. He beat it, only for it to come back four years later. He has now beaten it again. and is cancer-free. Perry is the embodiment of the “never give up” attitude, and my inspiration. When I am fighting hard on the court, thoughts of Perry’s determination and positive thinking help me to believe that all things are possible. I am proud to have worn my “Team Perry” bracelet for the last five years.

“Anyone can show up when you are happy, but friends stay by your side. The people who are always there for you when your life is falling apart are your true friends.”

- Perry Belue

"EVERY MATCH IS A PRIVILEGE."

-OLIVER CRAWFORD

THANK YOU
